INTRODUCTION

Ideal Aluminium and Glass LLC, was found in the year of 2008 in the Emirate of Dubai-UAE, with a mission to cater the increasing demand for Aluminium and Glass products and services in the UAE Market. Ever since the inception, our commitment, and the ability to understand the actual need of the customer and deliver the right products which suites the budget of the customer without compromising on the quality, we were able to keep our graph growing upward even when the recession struck the UAE market. Over the last Nine years we have grown to become one of the most sought after company in the field of Architectural metal and Glass works.

Ideal Aluminium and Glass LLC is a specialized contractor for all kind of Architectural metal and glass products. Our services include but not limited to design, engineering, procurement, production, installation and maintenance of various kind of architectural glass and Aluminium Products. We provide all kind of Building envelop solutions with Aluminium and Glass products namely, Facades, Curtain wall, spider glazing, skylights and Aluminium Composite Panel Cladding etc.

Key Factor in our success is our commitment to excel in performance and service. At Ideal Aluminium & Glass all products are manufactured and installed to the highest standards. We work hand in hand with many of the consultants and clients from the design stage of the projects itself, whereby helping them to achieve the functionality and aesthetics they require for their prestigious projects. All products are designed and manufactured in accordance with proven principles and to high technical standards.

COMPANY PROFILE

Ideal aluminium and Glass is a limited liability company registered in the Emirates of Dubai-United Arab Emirates. Within the short span of five years, we have become one of the very stable and fast growing organizations in UAE.

We have strategically placed our Factory and Setup in one of the most convenient places of Dubai, in AL Qussais Industrial Area 4, and easily accessible to the Shk. Mohammed Bin Zayed Road. With our manufacturing facility located in this strategic place of UAE, we are able to deliver our products and services in a faster way and reach to our customers more effectively. Over the years we have been serving the customers in all part of the UAE from Liwa of Abu Dhabi upto the northern emirate of Ras Al Khaimah.

At Ideal Aluminium & Glass, we believe that people are our strength and back bone. As we are committed to satisfy our customers and clients with best quality products, we have employed some of the highly experienced and talented professionals to our crew. The management team is professional, with many years of proven track record and experience in the Gulf market in the field of architectural Aluminium and Glass industry. Our fabrication and site installation staff are well trained and experienced professionals. Most of our staff members have years of experience in fabrication, production and installation.

COMPANY PROFILE

Ideal Aluminium & Glass undertake turnkey architectural projects from villas to commercial complexes, schools and shopping malls, residential buildings, row houses, substations etc. We are the approved sub contractor for DEWA and FEWA Substations across UAE. Our services start from the tendering stage of the project. We work together with main contractors for giving competitive prices and technical submissions for their tender bids. Our in - house estimation team can give very cost effective and technically sound proposals for your projects. Upon awarding the project, our technical and design team take care of all the design and engineering requirements of the project as per the specifications and highest technical standards. Detailed shop drawings, structural design calculations and analysis etc are prepared prior to the production stage for the approval of the consultant and client.

We source most of our raw materials from the leading suppliers in the Local market. As per the project requirements we source the specified materials from international market as well. We partner with most of the leading suppliers for High performance glasses, hardware and accessories and aluminium profiles. During the procurement stage itself we take at most care to ensure that the raw materials supplied to us for production are meeting the standards and specifications. Procurements, production and project management is controlled and monitored by experienced project manager and project engineers.

With the help of our latest machineries and technically sound team we are able to meet any deadlines of the projects with complete satisfaction of the customers.

VISION & MISSION

OUR VISION

Our vision is to become one of the leading companies in the field of architectural glass and aluminium works by inspiring our employees to be the best they can be and continuously engaging them with modern machineries and technologies in anticipation to the needs and satisfaction of the customers. Our aim is to be one among the most specified subcontractors in the field of our operations by the top consultants and clients in the region and to be known and remembered by our quality of work and services.

OUR MISSION

Our mission is to exceed the client's expectations in quality, timely delivery and service, cost effectiveness, by continuously updating the technology and constantly improving the client interactions in a manner that distinguishes us as the benchmark for excellence and become an important link in the field of architectural aluminium and glass industry in the region. We strive towards our vision through continuous interactions with the clients and customers and improving our system and processes to match with the expectations of the customers and to match with the industry standards.

PRODUCTS AND SERVICES

We design, Engineer, Fabricate, Supply and install the following products but not limited to.

- SPIDER GLAZINGS AND POINT FIXED GLAZINGS.
- BACK PAINTED GLASS
- DESIGN GLASS WORKS, ETCHED GLASS, STAINED GLASS, FUSED GLASS
- SHOWER PARTITIONS AND SHOWER DOORS
- SKYLIGHTS AND GLAZED DOMES
- HAND RAILING-STAIR CASE AND BALCONY
- STAINLESS STEEL HAND RAILINGS
- LOUVERS AND CLAUSTRA
- ALUMINIUM COMPOSITE PANEL CLADDING
- CANOPY

QUALITY POLICY

QUALITY - THE CORNER STONE OF CONTINUING SUCCESS

To ensure that all the materials used by Ideal Aluminium & Glass meet international quality standards and full fill the design, finish and performance requirements of the projects in question, the company following a strict Quality Control Policy at all stages of operation, from procurement of materials, work preparation through to site installation.

All departments are managed by industry professionals with proven track records in their relative fields. All personnel within the company are actively involved in the formulation, implementation and monitoring of the Quality Management System, thus ensuring customer satisfaction and enhancing the quality of life for all employees. The latest technology available in order to produce the highest quality merchandise on time and at competitive prices, a team oriented approach that is managed with an emphasis on responsibility.

While projects are being executed according to the high standards required, experienced site management staff simultaneously ensure that appropriate access equipment and purpose-built mechanical handling devices are used on-site to install materials both safely and efficiently to meet programme requirements.

Continues...

It is the objective of Ideal Aluminium & Glass LLC to satisfy the quality and delivery requirements of our customers at competitive prices in a timely manner. We measure our performance in meeting our customer requirements and work with them in order to continuously improve the service that we provide. The main focus of our activities is the provision of general engineering construction services.

In particular our management will:

- Monitor client satisfaction and set objectives for continuous improvement.
- Analyze the causes of any complaint and take appropriate action to prevent recurrence.
- Ensure the availability and competence of the support resources for the core processes.
- Ensure that the company provides its services to all clients equally, without discrimination on the basis of colour, race, nationality, ethic or national origin.
- Provide the necessary work environment to ensure the wellbeing of our employees and visitors.
- Encourage all employees to identify problems and make suggestions to improve all aspects of our working practices.
- Ensure that all employees are aware of our Quality Policy and committed to the effective implementation of our Quality Management System.
- Ensure that the company complies with all necessary regulatory and legal requirements.

The achievement of our quality objectives and continual improvement is fundamental to all activities carried out within our company and be practiced by all employees as an integral part of their daily work.

HEALTH AND SAFETY POLICY

Ideal Aluminium & Glass firmly believes that the company will install and develop a health and safety culture across the organization, whereby a commitment to the prevention of both injury to employees, subcontractors or persons affected by our activities and incidents of damage or loss of property, plant and equipment will improve the overall performance of the business.

In order to achieve this objective we will:

- Implement an effective Health and Safety Management system to ensure all operations are carried out in accordance with Local, International or Customer specific Health & Safety practice.
- Through appropriate delegation of authority, ensure responsibility for Health and Safety at all levels within the Organization.
- Provide effective training and development for all employees to improve their capability to identify and manage the risks normally associated with the nature of our work.
- Maintain credible and accurate records of all incidents and occurrences, which can be used to produce meaningful statistics against which continuous improvement initiatives can be measured.
- Ideal Aluminium & Glass employees are in strict compliance with the UAE health and safety legislation and current ministerial orders, including Technical Guidelines issued by the Environmental, Protection and Safety Section (EPSS).

Continues...

POLICY OBJECTIVES:

Ideal Aluminium & Glass will, so far as is reasonably practicable:

1. Establish safe and environmentally acceptable working practices throughout the Company's operations.
2. Provide a safe and healthy workplace and avoid damage to property and the environment.
3. Prevent all injuries at the workplace.
4. Develop a high degree of safety and environmental awareness amongst all personnel.
5. Provide employees with the required skills and support to meet the Company's commitment to health, safety and the environment.
6. Ensure that contractors working on the Company's behalf implement comparable standards.
7. Seek continual improvement in our efficient use of environmentally friendly products, thereby minimizing emissions and reducing waste.
8. Provide competent advice to all management on health, safety and environmental issues and the means to monitor performance.
9. Assess risk, evaluate and monitor as an ongoing process.

CAPABILITY STATEMENT

MACHINERIES AND EQUIPMENTS

- Double head N.C. Aluminium cutting machines
- Glass straight line edge polishing machines
- Automatic Glass sand blasting machine
- Design plotter machine
- Glass drilling machine
- Glass bevelling machine
- Automatic rotating tables
- Double belt machines
- Aluminium composite panel cladding machine
- Pneumatic aluminium cutting machines
- Aluminium cutting machine
- Aluminium copy router
- Screw compressor
- Air compressors
- End milling machines
- Drilling machines
- Generators
- Hand tools

SYSTEMS WE ARE OFFERING

To meet the increased demand for high quality, high performance architectural facade systems which can withstand the extreme climatic conditions of the regions, we are partnering with some of the leading European system manufactures.

At present , we can meet any high performance Glazing requirements to satisfy the requirements of local and international Statutory bodies by implementing the following systems

Alumil System

Alu-K System

Reynaers Systems

Vistawall International Systems

Technal Systems

Ideal Aluminium and Glass Also uses several local and international commercial systems as per the requirements of the clients. We are doing thermal break windows and doors systems as well as non-thermal break systems from the following manufacturers.

- MONTANA SYSTEM BY GULF EXTRUSIONS
- BALEXCO SYSTEM
- AL JABER EXTRUSIONS
- AREXAL SYSTEMS BY ARABIAN EXTRUSIONS
- THERMOS 110 SYSTEM BY ELITE EXTRUSIONS
- ELEGANT - 65 SYSTEMS BY AL HAMAD EXTRUSIONS
- EMIRATES EXTRUSIONS.
- WHITE ALUMINIUM

Dear Sirs,

PROJECT: PJ 10037 ABATTOIR AT AL MARGHAM

Subject: Approval of Sub-contractor for supply and Instalation Aluminium & Glass works

Further to your letter ref. AD/Sk-1034/2016/2046 dated 11/08/16, kindly be informed our 'No Objection' to your recommendation to employ M/s Ideal Aluminium & Glass LLC as a replacement subcontractor for Supply and Installation of Aluminium and Glass works for the captioned Project subject to the following :

1. Main Contractor will be held responsible for any delay due to this replacement.
2. Submission of justification for replacement.

The above 'No Objection' shall in no-way invalidate any obligation of the Contractor under the contract.

This is for your kind information and appropriate action.

Yours faithfully,

ENG. HAMAD KHALAF AL SAIFI
